ContiConnect PRO

Unlock full access to digital tyre management!

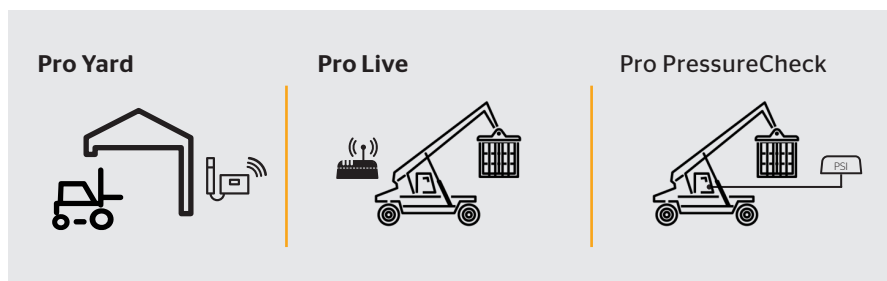

ContiConnect Pro turns tyre management into a competitive advantage. **Predict tyre needs** before they become a problem, reducing unexpected expenses. Whether you use Pro Yard, which transmits data when vehicles return to the depot, Pro Live, which provides real-time monitoring 24/7 or Pro PressureCheck, which transmits tyre information directly to the driver's cabin - ContiConnect Pro seamlessly integrates with your systems to enhance fleet performance, reliability, and **long-term savings**. Unlock your fleet's **full potential** for smarter, **more efficient operation**.

Your Benefits.

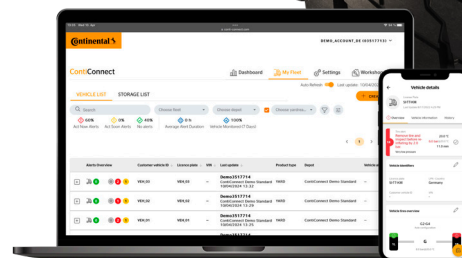

-  **Lower costs**
-  **Enhanced safety**
-  **Fewer breakdowns**
-  **More convenience**
-  **Greater sustainability**

Take full advantage of ContiConnect PRO.

-  Automate monitoring & alerts
-  Track tyre health with KPIs & reports
-  Seamlessly integrate with your systems

Smart Tyre Consultancy

Gain operational transparency and improve fleet performance!

Smart Tyre Consultancy enables port operators to boost operational efficiency through **expert analysis** of telematics data. By evaluating data from vehicles equipped with ContiConnect Pro Live, our port tyre experts can deliver **tailored recommendations** for each vehicle's profile - based on distance, speed, location, tyre temperature, tyre pressure, and active time per trip or cycle.

The continuous collection and analysis of data by our experts helps operators achieve enhanced tyre performance and improves their operational processes. Smart Tyre Consultancy ultimately **boosts efficiency** and supports **long-term sustainability goals**.

Your Benefits.

Optimise tyre usage

Gain operational transparency

Lower Total Cost of Ownership (TCO)

Improve routing

Prevent premature tyre failure

Improve sustainability

Take full advantage of Smart Tyre Consultancy.
